

WBS blesses teachers...

Testimonials of WBS teachers bear out the amazing impact WBS has—on students and teachers alike.

“I believe there will be more souls in heaven because of WBS than any other single thing. It has a powerful ripple effect that reaches many more. And it is all done by everyday volunteer Christians!”

Bob Towell
Texas

“It is a joy to study with sincere WBS students that want to study the Bible. Believe me the time is well spent. Students are so excited to study the Bible lessons! The Great Commission is still for me. I love being able to study with students from all around the world with WBS.

It’s a wonderful experience!”

Pam Cummings
New Mexico

“The letters I receive are a reward within themselves. I have never stopped marveling at the zeal for God’s Word that I see in many students. They overflow with praise to God and thanks for their WBS teachers.”

Winnie Cross
California

“WBS is a way for me to bring the Gospel to a lot of people. They are so easy to teach and so glad to hear the Word. I find it so uplifting to have students write me, inquiring with questions. I feel like we’re doing just what God wants us to do. I just love this work!”

Rose Carpenter
Alabama

“WBS is a blessing! I have learned so much through helping WBS students both over the Internet and through the mail.”

Mita Chesser
Texas

“I am fourteen years old. I’ve watched my grandmother teach with WBS since I was small. She would let me read student letters, and after only one I was hooked! Now I teach my own students! I love the feeling of knowing that at any moment I could be helping to save somebody’s soul.”

Amanda Smith
Tennessee

“I only teach with WBS because it works. If it didn’t, I have other fish to fry! Overall there is nothing as effective in world evangelism as WBS.”

Randy Minor
Oklahoma

“I am constantly amazed that WBS reaches seeking hearts the worldover. I encourage all WBS teachers to *keep at it*. Together, let’s win the world for Christ!”

Paula Leverett
Texas

“I’ve taught with WBS for quite a long time. What a wonderful feeling it is to know that a seed has been planted!”

Marilyn Hestle
Tennessee

“Most WBS students worldwide write letters, ask questions, truly seek a relationship with their teacher. That makes a lasting connection between students and teachers, and keeps them both searching the Scriptures for themselves. There is no better way to keep your relationship vibrant with the Lord than to be a WBS teacher!”

Terrie Stillwell
Arizona

“This is a wonderful program—and I am truly blessed to have been a part of it. I’ll never grow

tired of it all To God be the glory!”

Doreen Talkington
Ohio

“I really love WBS. It’s a phenomenal program—the best in the brotherhood!”

Al Campbell
Texas

“Part of being a Christian is doing what Jesus did—to reach the lost. If you have a passion for missions, a desire to reach the lost, and just a pen and paper or a computer, WBS offers an incredible opportunity for you!”

Adrienne Caughfield
Texas

“I’ve never thought of myself as a teacher or speaker. But WBS provides the opportunity for anyone to share the Gospel.”

Opal Anika
California

“WBS just thrills me—especially when my students really start to understand. I can’t very well talk to people about Jesus. But I sure can with pen and paper! And I so enjoy getting other people involved, from younger families on up.”

Billie Dykes
Texas

“WBS is wonderful! It has been an inspiration to me and the church here.”

Bill Long
Louisiana

“Words cannot express what a great blessing this work has been for me! When I began teaching with WBS, the most wonderful experience of my life began. Though my joints are crippled and I am weakened with cancer, God has still given me the opportunity to teach.”

Dorothy Good
Tennessee

“I truly believe that wherever there is an open-minded person seeking to know God’s truth, God will send someone willing to teach the saving message of the Gospel of Christ. As WBS teachers, let’s keep partnering with God to seek and save the lost. There is no higher calling in this life!”

Gale Scott
Texas

“Though I can’t go in person, I send God’s Word to many throughout the world. WBS lessons let me teach students in India, Africa, and throughout the world.”

Gladys Kemp
Mississippi

“I myself became a Christian with the help of an encouraging teacher that started with a correspondence course. Now, with WBS, I can give others the gift of knowing Him. To teach with WBS is a great responsibility, and truly a gift from God.

It brings so many joys to all involved.”

Cynthia Mahaffey
Texas

“I send both WBS lessons and Bibles to my students. One letter from a young student told of his joy when he received his very own Bible. He said he had been baptized and was so excited that he could study for himself and teach others. My heart is thankful that the church is being planted and that people are so receptive to God’s message.”

Imogene Pack
Alabama

“I’m a big fan of WBS. I’ve seen it at work and know what it can do. It is a tremendous tool for spreading the Gospel. The teachers seldom know how much good they do.”

Ben Fulks
Texas

“I started teaching only ten WBS students. Over the years, I have taught over 10,000! Some students never returned the first introductory lesson. But the many that did remained faithful and have been baptized into Christ. I pray that God will let me bring many more lost souls to Him with WBS.”

Helen Chism
Kentucky

“The most exciting day of my WBS work was when, after a slow spell with the mail, I received lessons from three students. As I read their letters, I praised the Lord and cried for joy! *Every one of them had been baptized!* Those were the first baptisms for me, and I had only been teaching for two years. One thing I would tell all WBS teachers: *never give up on your students.* If you are reading this and *not* teaching WBS students, you just can’t imagine the joy you are missing!”

Sarah Dodson
Tennessee

“It’s such a wonderful thing to teach people who are anxious to learn. It is so encouraging!”

Louis Pippen

George Sillman

“WBS has blessed my life. It is easy to touch someone’s life while at the same time learning from them and the studying you are doing together. It only takes a few minutes a day to touch someone’s life in some place far away, yet the lessons and conversations can be life-changing.”
